The Company also owns and operates retail cannabis stores in the state of California. The Company’s registered office in Canada is 2200 HSBC Building 885 West Georgia Street, Vancouver, British Columbia, Canada V6C 3E8.

Liquidity

Historically, the Company’s primary source of liquidity has been its operations, capital contributions made by equity investors and debt issuances. The Company is currently meeting its current operational obligations as they become due from its current working capital and from operations. However, the Company has sustained losses since inception and may require additional capital in the future. As of and for the six months ended June 30, 2022, the Company had an accumulated deficit of \$94,798,786, a net loss attributable to the Company of \$33,791,496 and net cash used in operating activities of \$23,255,206. The Company estimates that based on current business operations and working capital, it will continue to meet its obligations as they become due in the short term.

The Company is generating cash from revenues and deploying its capital reserves to acquire and develop assets capable of producing additional revenues and earnings over both the immediate and near term. Capital reserves are primarily being utilized for capital expenditures, facility improvements, product development and marketing.

Liquidity risk is the risk that the Company will not be able to meet its financial obligations associated with financial liabilities. The Company manages liquidity risk through the management of its capital structure. The Company’s approach to managing liquidity is to ensure that it will have sufficient liquidity to settle obligations and liabilities when due. In the event sufficient cash flow is not available from operating activities, the Company may continue to raise equity or debt capital from investors in order to meet liquidity needs. If the Company is not able to secure adequate additional funding, the Company may be forced to make reductions in spending, extend payment terms with suppliers, liquidate assets where possible, or suspend or curtail planned programs. Any of these actions could materially harm the Company’s business, results of operations and future prospects. There can be no assurance that such financing will be available or will be at terms acceptable to the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and critical estimates applied by the Company in these Unaudited Condensed Interim Consolidated Financial Statements are the same as those applied in the Company’s audited Consolidated Financial Statements and accompanying notes for the years ended December 31, 2021 and 2020, unless disclosed otherwise below. Basis of Preparation

The accompanying Unaudited Condensed Interim Consolidated Financial Statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information. The Unaudited Condensed Interim Consolidated Financial Statements include the accounts and operations of the Company and those of the Company’s subsidiaries in which the Company has a controlling financial interest, if any, after elimination of intercompany accounts and transactions. Investments in entities in which the Company has significant influence, but less than a controlling financial interest, are accounted for using the equity method. All intercompany transactions and balances have been eliminated in consolidation. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation of the consolidated financial position of the Company as of June 30, 2022 and December 31, 2021, the consolidated results of operations for the three and six months ended June 30, 2022 and 2021, and changes in shareholders’ equity and cash flows for the six months ended June 30, 2022 and 2021 have been included.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

The accompanying Unaudited Condensed Interim Consolidated Financial Statements do not include all of the information required for full annual financial statements. Accordingly, certain information, footnotes and disclosures normally included in the annual financial statements, prepared in accordance with GAAP, have been condensed or omitted. The financial data presented herein should be read in conjunction with the Company's audited Consolidated Financial Statements for the year ended December 31, 2021, and the related notes thereto, and have been prepared using the same accounting policies described therein.

Consolidation of Variable Interest Entities ("VIE")

ASC 810 requires a variable interest holder to consolidate a VIE if that party has the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE. To determine whether or not a variable interest the Company holds could potentially be significant to the VIE, the Company considers both qualitative and quantitative factors regarding the nature, size and form of the Company's involvement with the VIE. The equity method of accounting is applied to entities in which the Company is not the primary beneficiary or the entity is not a VIE and the Company does not have effective control, but can exercise influence over the entity with respect to its operations and major decisions. The Company does not consolidate a VIE in which it is not considered the primary beneficiary. The Company evaluates its relationships with all the VIE's on an ongoing basis to reassess if it continues to be the primary beneficiary.

Basis of Consolidation

These Unaudited Condensed Interim Consolidated Financial Statements as of June 30, 2022 and for the three and six months ended June 30, 2022 and 2021 and audited Consolidated Financial Statements as of December 31, 2021 include the accounts of the Company, its wholly-owned subsidiaries and entities over which the Company has control as defined in ASC 810 "Consolidation". Subsidiaries over which the Company has control are fully consolidated from the date control commences until the date control ceases. Control exists when the Company has ownership of a majority voting interest, and, therefore, as a general rule ownership by one reporting entity, directly or indirectly, of more than fifty percent of the outstanding voting securities of another entity. In assessing control, potential voting rights that are currently exercisable are considered.

Non-Controlling Interest

Non-controlling interest represents equity interests owned by parties that are not shareholders of the ultimate parent. The share of net assets attributable to non-controlling interests is presented as a component of equity. Their share of net income or loss is recognized directly in equity. Changes in the parent company's ownership interest that do not result in a loss of control are accounted for as equity transactions.

Segmented Information

The Company currently operates in one segment, the production and sale of cannabis products, which is how the Company's Chief Operating Decision Maker manages the business and makes operating decisions. All of the Company's operations are in the United States of America in the State of California. Intercompany sales and transactions are eliminated in consolidation.

Reclassifications

Certain comparative amounts presented on the statement of cash flows related to non-cash operating lease costs and cash payments on operating lease liabilities have been reclassified to conform with current period presentation. There were no impacts on net loss or cash flows for the periods presented.

Restricted Cash

Restricted cash balances are those which meet the definition of cash and cash equivalents but are not available for use by the Company. As of June 30, 2022 and December 31, 2021, restricted cash was \$3.0 million and \$3.0 million, respectively, which is held in an escrow account and used as an interest reserve for the senior term loan agreement. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Loss per Share

Multiple Voting Shares (as defined herein) are excluded in calculating loss per share as they do not participate in profit and loss. Diluted loss per share is the same as basic loss per share as the issuance of shares on the exercise of convertible debentures, warrants and share options are anti-dilutive.

However, lease payments to the Company are abated if certain contingencies are met by the lessee. The Company leases certain business facilities from related parties and third parties under non-cancellable operating lease agreements that specify minimum rentals. The operating leases require monthly payments ranging from \$800 to \$27,000 and expire through July 2032. Certain lease monthly payments may escalate up to 5.0% each year. In such cases, the variability in lease payments is included within the current and noncurrent operating lease liabilities.

Senior Secured Credit Agreement

On December 9, 2021 (“Senior Secure Closing Date”), the Company entered into a senior secured term loan agreement, as amended (the “Credit Agreement”) for total available proceeds of up to \$100,000,000 with funds managed by a U.S.-based private credit investment fund and other third-party lenders (together, the “Senior Secured Lender”). Effective December 10, 2021, the Company closed on an initial term loan through the Credit Agreement of \$50,000,000. The principal amount under the Credit Agreement will be paid in monthly installments in an aggregate amount equal to 1.25% per annum of the original principal amount, 24 months following the Senior Secure Closing Date, with a maturity date through November 30, 2026. Interest will be paid, beginning December 31, 2021, in monthly installments equal to the floating base rate plus the applicable term margin, or 5.25%. The interest rate will not be less than 10% per annum or exceed 12% per annum. As of June 30, 2022 and December 31, 2021, the interest rate was 10% and 10%, respectively.

Two additional delayed draw term loans may be requested by the Company in an amount equal to the principal amount of \$25,000,000 (or such lesser amount as agreed) each. The Company has optional and mandatory prepayments. Mandatory prepayments include any voluntary and involuntary sale or disposition of assets by the Company or any restricted subsidiaries. The outstanding principal amount of the obligation will be repaid by 100% of cash proceeds received from the sale or disposition of assets with certain exemptions as defined in the Credit Agreement. As of the Senior Secure Closing Date, the Company deposited an interest reserve in the amount of \$3,000,000 into an escrow account and included as restricted cash in the Condensed Consolidated Balance Sheets as of June 30, 2022 and December 31, 2021. Additionally, the Company’s real properties held in Glass House Farm LLC, Magu Farm LLC and GH Camarillo LLC were pledged as security.

The Credit Agreement contains a financial covenant which require the Company to maintain liquidity in excess of \$10,000,000 at all times. As of June 30, 2022 and December 31, 2021, the Company was in compliance with such financial covenant. Additionally, there are certain covenants which will require the Company to maintain a specific minimum debt service coverage ratio which will be measured quarterly beginning with the quarter ending December 31, 2022, as well as achieve completion of phase one project work at the Camarillo facility on or before July 31, 2022. Such covenants were not in effect as of December 31, 2021.

Amendments to the Senior Secured Credit Agreement

On January 21, 2022, the Company amended and restated the Credit Agreement (the “1st Amendment”) wherein certain events of default were waived.

On May 12, 2022, the Company amended and restated the Credit Agreement (the “2nd Amendment”) wherein certain events of default were waived, and the Company entered into an incremental term loan in the amount of \$10,000,000 (“Incremental Term Loan”), for total available proceeds of \$110,000,000. The Incremental Term Loan bears interest at a rate of 10% per annum and payable in monthly installments. In addition, a 1% fee of the outstanding principal amount of the Incremental Term Loan is payable in monthly installments beginning August 1, 2022, with a maturity date through October 31, 2022. In connection with the Incremental Term Loan, the Company issued 175,000 warrants to the Senior Secured Lender, with an exercise price of \$11.50 per share, to acquire each Equity Share until June 26, 2026. These warrants were fair valued using level 1 inputs as these warrants are openly traded on a stock exchange. Accordingly, the Company recorded an additional debt discount of \$89,250 related to the change in terms of the warrants. In addition to receiving the \$10,000,000 in Incremental Term Loan, the Company paid \$579,000 in direct loan fees, which are recorded as a debt discount.

Convertible Debentures

On April 28, 2022, the Company completed the Plus Products acquisition in which the purchase price was payable in part through an aggregate of 20,005 unsecured convertible debenture notes which consist of 12,003 debenture notes (“Series A Notes”) and 8,002 debenture notes (“Series B Notes”) (collectively “Plus Convertible Notes”). The Plus Convertible Notes accrue interest at 8.00% per annum payable in semi-annual arrears until April 15, 2027 (“Maturity Date”). Interest is payable in cash, by the issuance of in the Company’s Equity Shares or a combination of both at the sole discretion of the Company, based on the 10-day VWAP of the Equity Shares ending 5 trading days prior to the interest payment date with a fixed exchange rate of \$1.00 to CAD\$1.27.

The Series A Notes are redeemable, at the sole option of the Company, in full or in part on a pro rata basis, and payable in cash, by the issuance of the Company’s Equity Share, or a combination of both, at any time through the Maturity Date based on the higher of (i) the 10-day VWAP of the Equity Shares ending 5 trading days prior to the redemption date, and (ii) \$4.08 (“Redemption Right”).

The Series B Notes are redeemable, at the sole option of the Company, in full or in part on a pro rata basis, and payable in cash, by the issuance of the Company's Equity Share, or a combination of both, at any time through the Maturity Date based on the lower of (i) the 10-day VWAP of the Equity Shares ending 5 trading days prior to the redemption date, and (ii) \$10.00 per Equity Share. In the event the Company's Equity Shares achieve a closing price of \$10.00 per share over any period greater than or equal to 20 consecutive trading days, each holder of the Series B Notes may elect to convert all or a portion into the Company's Equity Share based on a conversion price of \$10.00 per Equity Share. As of June 30, 2022, the Company recorded \$11,894,989 and \$4,111,095 for the Series A Notes and Series B Notes, respectively. The conversion features of the Series A and Series B Notes were bifurcated from the related notes and classified as derivatives due to the variability of price in accordance with ASC 815, "Derivatives and Hedging". Accordingly, the fair value of the conversion features for the Series A and Series B Notes were measured at fair value using a discounted cash flow model that is based on unobservable inputs. The Company recorded a change in derivative liability and amortization of approximately \$53,000 and \$45,000, respectively, as a component of change in fair value of derivatives and interest expense, respectively, in the Unaudited Condensed Interim Consolidated Statements of Operations during the three months ended June 30, 2022.

As of June 30, 2022 and December 31, 2021, the authorized share capital of the Company is comprised of an unlimited number of (i) Subordinate Voting Shares, (ii) Restricted Voting Shares, (iii) Limited Voting Shares, (iv) Multiple Voting Shares and (v) Preferred Shares:

Multiple Voting Shares

The Company is authorized to issue an unlimited number of Multiple Voting Shares without nominal or par value. Holders of Multiple Voting Shares are entitled to receive notice of any meeting of shareholders of the Company, and to attend, vote and speak at such meetings, except those meetings at which only holders of a specific class of shares are entitled to vote separately as a class under the Business Corporations Act (British Columbia). On all matters upon which holders of Multiple Voting Shares are entitled to vote, each Multiple Voting Share entitles the holder thereof to 50 votes per Multiple Voting Share. Multiple Voting Shares are not entitled to dividends. The Multiple Voting Shares have three (3)-year sunset period that will expire June 29, 2024, upon which they will be automatically redeemed for \$0.001 per Multiple Voting Share.

Equity Shares

The holders of each class of Equity Shares are entitled to receive notice of, to attend (if applicable, virtually) and to vote at all meetings of shareholders of the Company, except that they are not able to vote (but are entitled to receive notice of, to attend and to speak) at those meetings at which the holders of a specific class are entitled to vote separately as a class under the *Business Corporations Act* (British Columbia) and except that holders of Limited Voting Shares are not entitled to vote for the election of directors of the Company. The Subordinate Voting Shares and Restricted Voting Shares carry one vote per share on all matters. The Limited Voting Shares carry one vote per share on all matters except the election of directors, as the holders of Limited Voting Shares do not have any entitlement to vote in respect of the election for directors of the Company.

In the case of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or in the event of any other distribution of assets of the Company among its shareholders for the purpose of winding up its affairs, the holders of Equity Shares are entitled, subject to the prior rights of the holders of any shares of the Company ranking in priority to the Equity Shares (including any liquidation preference on any issued and outstanding Multiple Voting Shares and/or Preferred Shares), to participate ratably the Company's remaining property along with all holders of the other classes of Equity Shares (on a per share basis).

15. SHAREHOLDERS' EQUITY *(Continued)*

Exchangeable Shares of MPB Acquisition Corp.

Exchangeable shares (the "Exchangeable Shares") are part of the authorized share capital of MPB Acquisition Corp. ("MPB"), a wholly-owned subsidiary of the Company, which entitle their holders to rights that are comparable to those rights attached to the Equity Shares, except that (i) each Exchangeable Share has 1.1 votes per share until June 29, 2022, after which they will have one vote per share, and (ii) the aggregate voting power of the Exchangeable Shares must not exceed 49.9% of the total voting power of all classes of shares of MPB. Until a holder exchanges their Exchangeable Shares for Equity Shares, the holder of such Exchangeable Shares will not have the right to vote at meetings of the shareholders of the Company, though they will have the right to vote at meetings of the shareholders of MPB, including with respect to altering the rights of holders of any of the Exchangeable Shares, or if MPB decides to take certain actions without fully protecting the holders of any of the Exchangeable Shares, or as otherwise required by law. The Exchangeable Shares are exchangeable at any time, on a one-for-one basis, for Equity Shares at the option of the holder.

The Company treats the Exchangeable Shares as options, each with a value equal to an Equity Share, which represents the holder's claim on the equity of the Company. In order to comply with certain contractual requirements of the Business Combination, the Company and MPB are required to maintain the economic equivalency of such Exchangeable Shares with the publicly traded Equity Shares of the Company. This means the Exchangeable Shares are required to share the same economic benefits and retain the same proportionate ownership in the assets of the Company as the holders of the Equity Shares. The Company has presented these Exchangeable Shares as a part of shareholders' equity within these Unaudited Condensed Interim Consolidated Financial Statements due to (i) the fact that they are economically equivalent to the Equity Shares, and (ii) the holders of the Exchangeable Shares are subject to restrictions on transfer under US securities laws but may dispose of the Exchangeable Shares without such restriction by exchanging them for Equity Shares. Changes in these assumptions would affect the presentation of the Exchangeable Shares from shareholders' equity to non-controlling interests; however, there would be no impact on earnings per share.

Preferred Shares of GH Group, Inc.

The authorized total number of preferred shares (the "GH Group Preferred Shares") of GH Group, Inc. ("GH Group") is 50,000,000. As of June 30, 2022 and December 31, 2021, there was 18,515,491 GH Group Preferred Shares issued and outstanding. Holders of GH Group Preferred Shares are entitled to notice of and to attend any meeting of the shareholders of GH Group but are not entitled to vote. The GH Group Preferred Shares do not carry any voting rights and include a 15% cumulative dividend rate, which is increased by 5% in the year following the first anniversary of the date of issuance. Dividends are payable when and if declared by GH Group's board of directors. The GH Group Preferred Shares have a conversion option to convert the Preferred Shares into Class A Common Stock of GH Group within 60 days after the issuance by the holder. In the event of a liquidation, voluntary or involuntary, dissolution or winding-up of GH Group, the holders of the GH Group Preferred Shares outstanding are entitled to be paid out of the assets of GH Group available for distribution to its stockholders. GH Group has the right to redeem all or some of the Preferred Shares from a holder for an amount equal to the Liquidation Value and all unpaid accrued and accumulated dividends. In accordance with the provisions above, the Company recorded distributions to the holders of Preferred Shares in the amount of \$860,057 and \$1,729,778, respectively, for the three and six months ended June 30, 2022. The Company recorded distributions to the holders of Preferred Shares in the amount of \$20,333 and \$20,333, respectively, for the three and six months ended June 30, 2021.

Non-Controlling Interest

Non-controlling interest represents equity interests owned by parties that are not shareholders of the ultimate parent. The share of net assets attributable to non-controlling interests is presented as a component of equity. Their share of net income or loss is recognized directly in equity. Changes in the parent company's ownership interest that do not result in a loss of control are accounted for as equity transactions.

The Company recorded a loss attributable to a non-controlling interest during the three and six months ended June 30, 2022 of \$23,964 and \$46,560, respectively. The Company recorded a loss attributable to a non-controlling interest during the three and six months ended June 30, 2021 of nil and nil, respectively.

Accordingly, 2000 DLV became a VIE of the Company.

16. SHARE-BASED COMPENSATION

The Company has an equity incentive plan (the “Incentive Plan”) under which the Company may issue various types of equity instruments or instruments that track to equity, more particularly the Equity Shares, to employees, officers, consultants and non-employee directors. The types of equity instruments issuable under the Incentive Plan encompass, among other things, stock options, unrestricted stock bonus, and restricted stock units (together, “Awards”). Share-based compensation expenses are recorded as a component of general and administrative costs. The maximum number of Awards that may be issued under the Incentive Plan is 10% of the fully-diluted Equity Shares of the Company (inclusive of the Exchangeable Shares) as calculated using the treasury method. The Incentive Plan is an “evergreen” plan, meaning that if an Award expires, becomes un-exercisable, or is cancelled, forfeited or otherwise terminated without having been exercised or settled in full, as the case may be, the Equity Shares allocable to the unexercised portion of the Award shall again become available for future grant or sale under the Incentive Plan (unless the Incentive Plan has terminated by its terms), and the number of Awards available for grant will increase as the number of issued and outstanding Equity Shares increases. Granting and vesting of Awards are determined by and recommended to the Board for approval by the Compensation, Nomination and Corporate Governance Committee of the Board of Directors. The exercise price for options (if applicable) will generally not be less than the fair market value of the Award at the time of grant and will generally expire after 5 years.

The Company has used a discrete effective tax rate method to calculate taxes for the fiscal three- and six- month periods ended June 30, 2022 and 2021. We determined that since small changes in estimated ordinary income would result in significant changes in the estimated annual effective tax rate, the historical method would not provide a reliable estimate for the fiscal three- and six-month periods ended June 30, 2022 and 2021.

18. PROVISION FOR INCOME TAXES AND DEFERRED INCOME TAXES (Continued)

As the Company operates in the cannabis industry, it is subject to the limits of IRC Section 280E (“Section 280E”) for U.S. federal income tax purposes under which the Company is only allowed to deduct expenses directly related to the cost of goods sold (“COGS”) of its product. This results in permanent differences between ordinary and necessary business expenses deemed nonallowable under Section 280E, and the Company deducts all operating expenses on its state tax returns.

The Company has determined that the tax impact of its corporate overhead allocation was not more likely than not to be sustained on the merits as required under ASC 740 “Income Taxes” due to the evolving interpretations of Section 280E. As a result, the Company included in the balance of total unrecognized tax benefits as of June 30, 2022 and December 31, 2021, potential benefits of \$1,631,348 and \$1,449,046, respectively, that if recognized would impact the effective tax rate on income from operations. Unrecognized tax benefits that reduce a net operating loss, similar to tax loss or tax credit carryforwards, are presented as a reduction to deferred income taxes.

The Company’s evaluation of tax positions was performed for those tax years which remain open to for audit. The Company may from time to time, be assessed interest or penalties by the taxing authorities, although any such assessments historically have been minimal and immaterial to the Company’s financial results. In the event the Company is assessed for interest and/or penalties, such amounts will be classified as income tax expense in the financial statements.

As of June 30, 2022, the Company’s federal tax returns since 2018 and state tax returns since 2017 are still subject to adjustment upon audit. No tax returns are currently being examined by any taxing authorities. While it is reasonably possible that certain portions of the unrecognized tax benefit may change from a lapse in applicable statute of limitations, it is not possible to reasonably estimate the effect of any amount of such a change to previously recorded uncertain tax positions in the next 12 months.

19. COMMITMENTS AND CONTINGENCIES

Contingencies

The Company’s operations are subject to a variety of local and state regulations. Failure to comply with one or more of these regulations could result in fines, restrictions on its operations, or revocation, cancellation, non-renewal or other losses of permits, licensed and entitlements that could result in the Company ceasing operations. While management of the Company believes that the Company is in compliance with applicable local and state statutes, regulations, and ordinances as of June 30, 2022 and December 31, 2021, cannabis laws and regulations continue to evolve and are subject to differing interpretations. As a result, the Company may be subject to regulatory fines, penalties or restrictions in the future.
